**WEDNESDAY, APRIL 17TH**

# Golden's Mission

Golden Magazine is a student-run fashion and lifestyle magazine at the University of Minnesota. We aim to amplify creatives throughout the Twin Cities. Our mission is to embrace individuality, community, and fashion on campus and beyond. We have produced 4 issues and are working towards our 5th this year!

# FWMN Statement

Fashion Week Minnesota is a media platform created in 2015 that celebrates, connects and inspires the local fashion community. Our flagship event series, Spring Fashion Week takes place April 14-20 with a lineup of diverse, engaging events that includes fashion shows, presentations, and shopping events. Fashion Week Minnesota's year-round programming includes educational panel events, shopping events, and social media content that spotlights local fashion designers, makers and retailers.

Fashion Week Minnesota is produced by creative agency Haus of Sonder. Haus of Sonder's team of content creators & community builders create unique connection opportunities for brands. Equipped with connections to influential leaders, distinctive networks, and a reservoir of movers and shakers, Haus of Sonder creates content and events that people love.
